

**PRODUCT DESCRIPTION**

Crafted in a mystical forest where light blooms, this collection demands attention. Every detail sparkles with originality. The intricate branch design resolves itself with elegant floral, hand-pulled glass blossom shades, sculpted from clear and amber glass. The vine-like branches and tendrils alike are finished in antiqued Flemish-gold patina. Branches bear the fruit of leaf-shaped Egyptian crystals suspended from berries of gold. Engineered for practicality, the aircraft cable suspension of the pendants allows adjustable height via a quick release mechanism.
