

**PRODUCT DESCRIPTION**

Composed of gently curving aluminum channels in Matte Black that supports a patterned translucent acrylic arranged in groups of vertical stripes, this series of pendants and coordinating ADA sconce expresses a musical quality in brilliant LED light. The wall sconce visibly suggests the shape of a piano, while the pendants return inward where they bend at the ends in an instrumental, elegant shape. A story told in simple forms, the collection is illuminated by dedicated LED light sources concealed within the frames enhancing the translucent undulating slabs of patterned acrylic. Their sculptural form is sure to add wonder to both classical and modern settings.
