

**PRODUCT DESCRIPTION**

An enigmatic light source projects from the wall, obscured by two panels with an organic textural relief and split down the center to cast soft ambient light. Open at the top and bottom as well, the light shines both upwards and downwards and signals the source of its illumination through the crevice that it creeps out from. Finished in Matte Black externally, the interior of the sconces are powder coated antique brass to add warmth to the rustic glow. Available in 3 sizes, this ADA compliant sconce series adds mystique to the spaces it's installed.
