

**PRODUCT DESCRIPTION**

A flexible LED mirror that allows for both vertical and horizontal installation with an endless length configuration. LED light bars projecting 50% more light than your typical concealed light source match the exact dimensions of selected mirror lengths and suspend them to the wall. Additional light bars can be added to create wider mirror lengths broken up by the light source. A remote driver was created to fit within standard junction boxes for convenient installation. This economical LED mirror kit can be configured to your space requirements.
